PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building 3+ full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing REST APIs, implementing JWT-based authentication, and managing asynchronous data flow. Passionate about building scalable, user-friendly applications and continuously improving development skills.

TECHNICAL SKILLS

Frontend: React.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Languages: JavaScript (ES6+)

Tools: Git, GitHub, Postman, Axios, REST APIs, JWT Auth

Deployment: Netlify, Render, Vercel

KEY PROJECTS

Personal Finance Manager (SpendSense)

- Developed a full-stack application to track income and expenses with secure JWT-based authentication.
- Designed RESTful APIs to handle user transactions, authentication, and data validation.
- Implemented real-time UI updates using React and Axios for a seamless user experience.
- Structured MongoDB database for efficient storage and retrieval of financial records.
- Deployed frontend on Netlify and backend on Render.

Task Management Application

- Built a comprehensive task management system featuring full CRUD functionality.
- Utilized React Hooks (useState, useEffect) for dynamic state management and responsive UI.
- Integrated backend APIs with MongoDB for persistent data storage.
- Enhanced user experience by designing a fully responsive UI using Tailwind CSS.

EXPERIENCE

Full Stack Developer (Self-Led Projects)

2024 – Present

- Developed and deployed multiple MERN stack applications from scratch.
- Designed scalable REST APIs and managed asynchronous operations using async/await.
- Integrated frontend and backend systems efficiently using Axios.
- Used Git and GitHub for consistent version control and project management.

EDUCATION

Bachelor of Computer Applications (BCA)

Graduated 2020

C. Abdul Hakeem College of Arts & Science, Tamil Nadu

CERTIFICATIONS

- Full Stack Development Program (MERN) - IIT-M Pravartak (GUVI)
- Diploma in Computer Operator - TCDS

KEY STRENGTHS

- Strong understanding of JavaScript fundamentals and asynchronous programming.
- Ability to build and deploy end-to-end full-stack solutions.
- Quick learner with strong problem-solving skills and a commitment to continuous learning.
